Your guide to the world of Sonic The Comic (STC) & Sega.
Presented by your host, Megadroid.

ZONE

HEY BOOMERS!

Spring has almost sprung (see below), and there's a blooming good time to be had in this issue of your thriving STC.

Spring-cleaning duties await Sonic when he visits a building full of cobwebs and ghosts in the spooky story **The House On The Hill**.

Tails discovers life in the Scorched Zone when he rescues

a pensive penguin in the torrid tale **Desert Fbx**.

Despite the season, there's a chill in the air at Castle Frank N. Stein. The prof's parents are coming to visit and the mere thought has sent a shiver down his spine. Find out how he copes in Decap Attack's **Mother** story.

Discover, too, the terrors of the deep in part one of the Double Sonic story **Taking The Plunge**. You'll be amazed at all the fishy goings on!

Megadroid

TIME FLIES On Sunday, 29 March

Spring officially begins on the above date, so seize the chance to alert those forgetful-adult-homes with a reminder to put those clocks forward an hour.

You can let them think it's for their benefit. Boomers, but we know of **Teroid After All** means you get your copy of STC **15 mins** antedated time - a full 15 mins early! Now that's worth watching out for!
